

# PROTECT M80™ & M90™

## Security that acts first

### Most effective proactive security

In today's world, security needs to be fast, reliable, and invisible until it matters. That's where PROTECT M80™ and M90™ fog cannons step in. Designed to stop intruders instantly, these smart security devices release a dense fog within seconds of a break-in - leaving burglars blind and empty-handed.

PROTECT is the market leader in security fog solutions, with 25 years of experience protecting homes and businesses worldwide.

Unlike alarms or cameras that only notify or record, PROTECT fog cannons act immediately to prevent theft and damage before it happens. Used across homes, retail stores, offices, and warehouses worldwide, the M80™ and M90™ offer peace of mind, 24/7.

### Model overview

#### PROTECT M80™

- 150 m<sup>3</sup> fog in 11 seconds  
250 m<sup>3</sup> in 25 seconds (1 m visibility)
- Ideal for private offices, homes, small shops

#### PROTECT M90™

- 200 m<sup>3</sup> fog in 12 seconds  
300 m<sup>3</sup> in 25 seconds (1 m visibility)
- Recommended for large rooms, showrooms, warehouses, logistics centers, production areas, and storage zones

# Why chose PROTECT Fog Cannons®

## Instant fog response

- ❏ Fills the room with dense fog in less than 15 seconds
- ❏ Blocks visibility completely to stop intruders
- ❏ Responds the moment a break-in is detected

## Proven performance

- ❏ Trusted by thousands of homes and businesses
- ❏ Used by banks, shops, and high-security sites
- ❏ Field-tested in real-world break-ins

## Active crime prevention

- ❏ Designed to stop theft, not just signal alarms
- ❏ Forces intruders to leave before causing damage
- ❏ Prevents crime instead of reacting to it

## Seamless integration

- ❏ Can be integrated with any existing alarm system
- ❏ New sleek design with a total weight of only 6 kg
- ❏ Quiet, automatic, and easy to maintain

## Real protection, real fast

A burglar takes less than 3 minutes to empty a store or office. PROTECT fog cannons fill the room in seconds, creating a white-out effect that immediately disorients and forces the intruder to flee. There's no cleanup, no damage, and no need to rely on someone arriving in time. You're protected instantly.

### Smart technology. Proactive security. Real results.

Both models offer a 5-year warranty for lasting peace of mind and are tested and certified safe for use in food-handling environments.

SECURED IN SECONDS
